

FREQUENTLY ASKED QUESTIONS

MATTY™ - THE CHANGING MAT

201601

QUESTIONS

ANSWERS

Functionality

What is special about Matty compared to other changing mats?

In contrast to many other changing mats, Matty is made from soft and watertight material. If necessary, you can wipe the changing mat with a moist cloth, and it will be ready to use again. You do not need to remove a cover and wash it. The mat can be used as it is, with no extra equipment.

Does my baby lie comfortably on Matty?

Matty is made from PUR, which is a soft and comfortable material that your baby will love to lie on.

What is PUR?

PUR is a flexible and robust material that is ideal for furniture, especially parts in direct contact with the user, such as a changing mat. PUR is pleasant to touch, and the surface is very robust.

Is PUR detrimental to my child's health?

No. PUR contains neither unhealthy or endocrine disruptors.

Is Matty slip-resistant?

Yes. The changing mat is designed to stay where you place it. The four small „feet“ under the changing mat suspend it lightly above the table, and also hold the mat firm.

Is Matty safe for my baby to lie on?

You must never leave your baby alone on the changing mat. Yet most parents also know that babies and children never stop moving. Therefore Matty has high sides that help to keep your baby on the changing mat, which also creates a secure space for your baby.

Can the changing mat easily get damaged?

No, Matty is made from robust material that is resilient to pressure and everyday wear and tear.

Can I use alcohol-based cleaners on the changing mat?

No. Do NOT use alcohol-based cleaners. Water and ordinary soap is enough.

Design

How does Matty's design differ from other changing mats?

Matty is injection-moulded, which combines functionality with beautiful, elegant design.

What colours are available?

Matty is available in dusty grey, soft pink, pale blue, deep blue, sunset red and dusty green.

How much does Matty weigh?

The changing mat weighs 2.9 kg. This is a bit more than a traditional changing mat. On the other hand, you can rest assured that the mat stays in position, even when your baby is very active.

Accessories

What does it include?

Currently there are no accessories for Matty.
