ANSWERS

Functionality

What is special about the dresser?

The dresser is a stylish piece of furniture designed with many details, and high functionality. The three spacious drawers all have soft-close.

Is the dresser only suited for a children's bedroom?

No. It can easily be used for a teenage bedroom or an adults room. The handles can be changed to match your home's colour scheme and style.

Design

What is the dresser made of?

The dresser is made of oak or beech and surfacetreated with a lacquer. The lacquer is EN71-3 approved.

What does the dresser weigh?

When assembled, the dresser weighs approx. 44 kg. Always be two persons to lift it.

What is soft-close?

Soft-close means that the drawer closes slowly after you when you give the front of the drawer a little push. This means that the drawer doesn't close quickly. Instead, it protects little fingers from getting squeezed.

Accessories

What is included?

The dresser is delivered with felt handles.

Which accessories are available?

Extra felt or leather handles and a Changing unit can be purchased separately.
