ANSWERS

Functionality

Can the cot be adjusted into different positions?

Yes. The cot has three settings. The base height can be adjusted into two positions and one side-rail can be removed. Never use the cot with both side-rails removed!

How long can my child use the cot?

The recommended use of the cot is 0-3 years.

Can I sit in the cot with my child?

The cot is very solid and carries a weight up to 100 kg. This allows you to use the cot when reading bedtime stories to your child.

Design

What is the cot made of?

The cot is made of oak or beech and is surfacetreated with a strong lacquer. The lacquer is EN71-3 approved.

Has the canopy more than one position?

Yes. The canopy can be placed at the end or at the side of the cot by using the Linea by Leander® canopy stick.

Can I use the cot when it becomes too short for my child?

Yes. When your child outgrows the cot, it can be used as a small and chic sofa.

Accessories

Is a mattress included?

No. The mattress is purchased separately. Size 60x120 cm.

Can I use another mattress?

Yes. But we recommend that you use an original Leander® mattress for optimum comfort, ventilation and safety.

Which accessories are available?

Sheet, bumper, canopy, canopy stick, top mattress and cushions for the sofa are available as accessories to the cot.

Why should I buy the cushions for the cot?

The cushions allows you to transform the cot into a chic and small sofa. This extends the cot's use value in your home.
