

INFORMATION

LEANDER® CRADLE

THE CRADLE THAT FOLLOWS YOUR CHILD'S MOVEMENTS

With a little push, the Leander® cradle will swing back and forth and the child experiences the familiar, rocking feeling of being in the mother's womb. The cradle is fastened in a one-point suspension, which provides smooth movements in all directions. The cradle's oval shape encloses the child and provides tranquillity and security.

DIMENSIONS

Cradle H: 30 cm, B: 50 cm, L: 83 cm
 Stand H: 197 cm
 With telescopic tube in one size: 239-272 cm

CHARACTERISTICS

- From 0 to 6 months
- Single suspension point provides free movement, like the movement inside the womb
- The calm movement stimulates the child's development, and motor and creative senses
- The cradle's gentle movements and oval shape create a calm and secure universe for your baby
- Can be suspended either in the stand or from the ceiling (saving space)
- Easy to move from room to room, if you have extra hooks
- The cradle includes a ceiling hook and a cold foam mattress
- The cold foam mattress matches the cradle's oval shape and ensures optimum comfort and ventilation for your child
- The cradle's lining, mattress cover and canopy are made of cotton and are washable at 60°C
