

INFORMATION

LEANDER® COMFORT+7

BABYMATTRESS

AN ORIGINAL LEANDER® MATTRESS FOR THE BEST COMFORT

The Leander® Comfort+7 mattress has an excellent sleep comfort thanks to the mattress core of pressure-relieving cold foam. The Comfort+7 is a comfortable, 2-sided, twist mattress adjusted to baby and toddler. The cover is with integrated wetness protection.

DIMENSIONS

Comfort+7 baby mattress: L: 120 cm, B: 60 cm

CHARACTERISTICS

- Recommended use of the mattress age 0-7 years
- An original Leander® Comfort+7 mattress, ensures optimum comfort and ventilation, and thus a good night's sleep for your child
- Different baby- and toddler side for optimal adaption to the weight of the child
- Convuluted foam on the baby side and wave contour for horizontal ventilation on the toddler side especially adapted for the slatted frame of the Leander® baby cot
- Enhanced air circulation thanks to vertical air channels
- Sleep safety mattress cover with integrated wetness protection (TENCEL®), refined with lavender and melissa oil for anti-bacterial effect
- Suitable for children with allergies
- Material: 62% polyester / 38% lyocell (TENCEL®) quilted with washable fleece. Cotton Oeko-Tex 100 Class 1
- The cover is divisible, washable and suitable for gentle dryers
- Compressed mattresses regain their original shape after one or two days. The mattress may therefore seem too short to begin with
- Polyurethane-foam has a distinctive odour which may linger a few days after unpacking. The odour will disappear. Airing and vacuuming the mattress will help to eliminate the odour
- The foam reacts to the ultraviolet light from the sun and the oxygen from the air and will turn yellow with time

	QUESTIONS	ANSWERS
Functionality	How long can my child use the mattress??	The recommended use of the mattress is 0-7 years.
	Is the mattress moisture proof?	Yes. The mattress has a sleep safety mattress cover with integrated wetness protection, refined with lavender and melissa oil for anti-bacterial effect.
	Can I wash the cover on the mattress?	Yes. The cover is removable, washable at 60 degrees and suitable for gentle dryers.
	Fits the mattress in the bed right away?	No. Compressed mattresses regain their original shape after one or two days. The mattress may therefore seem too short to begin with.
	What should I pay attention to, in relation to the polyurethane foam?	Polyurethane-foam has a distinctive odour which may linger a few days after unpacking. The odour will disappear. Airing and vacuuming the mattress will help to eliminate the odour. The foam reacts to the ultraviolet light from the sun and the oxygen from the air and will turn yellow with time.
Design	Why did the mattress have two different sides?	The mattress has different baby- and toddler side for optimal adaption to the weight of the child.
	How is the mattress on the baby side?	The mattress has a convoluted foam on the baby side.
	How is the mattress on the children side?	The mattress has a wave contour for horizontal ventilation on the toddler.
	How is the air circulation in the mattress?	The mattress has an enhanced air circulation thanks to vertical air channels.
Accessories	Which accessories are available?	Woven fitted sheets and a top mattress are available for purchase as accessories.
	Can I wash the sheets and the top mattress?	Both the sheet and the top mattress is washable at 60°C and suitable for gentle dryers.
